

An Informative Full-Day Seminar:

Supervisor's Role... *In Safety and Health*

1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOsha).

2 MIOsha Training Institute

MIOsha Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOsha Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

This seminar is designed for both general industry and construction first line supervision, safety and health committee members, and management personnel. Topics covered include employee safety and health training, accident investigation, hazard recognition, and self-inspection techniques. This program gives tips to supervision on methods to integrate health and safety into their daily duties and responsibilities. Using MIOsha General Industry and Construction standards and required written programs as a baseline, supervisors are given suggestions to improve their safety and health hazard recognition skills.

Agenda

*We offer a flexible
program agenda
to emphasize the
health and safety
topics you
want most.*

Participants will learn to:

- ▶ Identify a supervisor's major duties and responsibilities and how to integrate duties for safety and health.
- ▶ Recognize workplace hazards and corrective actions.
- ▶ Review common MIOsha General Industry and Construction violations.
- ▶ Identify required job specific training.
- ▶ Identify how to conduct a self inspection.
- ▶ Conduct an accident investigation and complete associated paperwork.

*This course has been approved for residential builders
pre-licensure safety training requirements.*

All meetings are accessible and barrier free. Please contact the cosponsor or the CET Division, at least 30 days in advance, to request necessary accommodations.

Facilitator

Jennifer Clark Denson has over 15 years experience in occupational safety. Prior to joining the CET Division as an Occupational Safety Consultant, she spent time working as a General Industry Safety Officer for MIOSHA where she was responsible for inspecting a wide variety of work operations to observe and identify potential violations of MIOSHA safety standards. Her previous work experience includes positions as an Environmental Consultant and Code Compliance Officer.

Jennifer currently provides occupational safety services to Hillsdale, Lenawee, Monroe, and Wayne counties. She has both a Bachelor's degree in Industrial and Environmental Health Management from Ferris State University, and a Masters degree in Human Resource Management from Davenport University.

Presenters: Jennifer Clark Denson and Jeff Kelley, Senior Occupational Safety Consultants; MIOSHA-CET Division
